## Tikkie's Tidbits

1. Animals are such agreeable friends, they ask no questions.
2. There is no psychiatrist in the world like a dog licking your face.
3. God created the dog to make humans feel important, the cat to make them feel ignored.
4. You can always blame a messy house on the dog.
5. Hey all you dogs... take time to smell roses.. 7 the trees... & the bushes.. & the fire hydrants .. the grass.. & the .....

## A Note from Joyce.

Paws with Patience has a reputation in the community as a wonderful serving organization. It takes just a little commitment to keep this reputation. We have asked for only **one** visit per month. If you can do more, we deeply appreciate it! However, gas is so expensive so if you can do one visit per month, it would make things easier for everyone. Families & schedules are a challenge but there are numbers of visits to choose from on our monthly calendar.

**A very sad note;** An activities director from one of our homes called and said many of the residents who love the dogs were sitting in the big room, waiting & waiting. Alas, no dogs came. Residents sometimes wait by the entrances, some get treats for the dogs. They so enjoy & need their furry friends. Please give of yourselves & your dogs to bring some comfort & cheer to some needy people. A **BIG THANK YOU** to those who visit regularly!!!! The rewards to you & those you visit are immeasurable. Stay safe & have a great fall! We hope to see you out visiting.
